They should be modest, unassuming, dignified and professional. As appearance mirrors professionalism; inappropriate clothing will detract from the image of an official.

- G. Opinions and forecasts publicly expressed before a test or competition are causes for banning an Official. It must never be suggested that a certain skater should fail because they take lessons from a certain coach nor should disparaging remarks be made about a skater or coach.
- H. Officials may unwittingly arouse distrust when they appear very cordial to some skaters, parents and coaches but not to others.
- I. Concentrate on the skater and their performance. Forget the audience, surroundings and other Judges except for the demands of courtesy. Call and/or mark what is seen at the time of the performance not what is thought to be seen or what was seen last time.

- J. Judges and Trial Judges must not communicate with each other during a Test or Competition except through the Referee.

### A.3.3 Competitions

- A. Officials must be in the judging area prior to the warm up for the event they are officiating otherwise they may be replaced on the panel.

- F. Proceedings from the judging area and post event round table discussions are *strictly confidential* and must not be discussed with anybody. This includes skaters, coaches, parents, other officials and *members of the Official's family*.
