

Phillip Ice Rink is used by three (3) types of organised ice skaters—figure skaters, ice hockey players & Broomball players.

The Aussie Skate Program endorsed by Ice Skating Australia (ISA) is designed to teach basic skills to new ice skaters, regardless of where they aim to go with their skating.

In Canberra, the ACT Ice Skating Association (ACTISA), is the organisation which administers the testing of achievement levels in the Aussie Skate Program.

ACTISA trains and registers volunteer judges to undertake the testing of skaters.

When a skater in the Aussie Skate Program is ready for testing, they need to register with Ice Skating Australia and become a member of ACTISA (see enclosed membership form).

The fee of \$70 includes one year's ACTISA membership and insurance (value \$45), the Aussie Skate backpack and booklet plus access to the testing and competition program.

The first four (4) tests are free and cost only \$2 each after that. Each test level passed will earn a different Aussie Skate badge.

**Please Direct Debit ACTISA Bank Acc: BSB 112-908 Acc: 482 330 765 with a payment reference stating "[Skater's Surname] mbrship" or make cheques out to "ACTISA Inc".**

Membership forms can be left in the ACTISA letterbox at the Rink (no cash in letterbox please) or sent to the postal address below.

PO Box 76, WODEN ACT 2606

## ACTISA

ACTISA is a non-profit organisation, managed solely by volunteers. It is responsible for administering figure skating, pair skating, ice dancing and synchronised skating in the ACT.

As well as organising testing of skaters—from Aussie Skate to Senior National level—ACTISA runs competitions for members, skating development sessions, non-competitive skating festivals, and financially supports skaters competing at National levels.

ACTISA membership, at Aussie Skate level, entitles skaters of all ages to enter figure skating competitions organised by ACTISA or interstate Skating Associations, if they wish.

We encourage all interested to access the website which provides more information and contacts if you have queries.

[www.actisa.asn.au](http://www.actisa.asn.au)

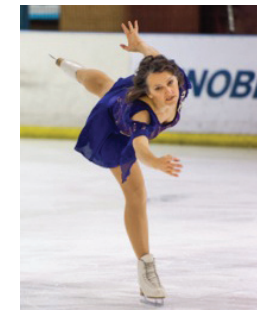

## Competitions

ACTISA organises two types of competitions for members; technical and artistic.

A technical competition closely reflects the skills learned in Aussie Skate classes, and gives skaters a chance to dress up and skate to pre-recorded music (from Tiny Tots to Intermediate levels), or their own choice of music (Freeskating levels).

An artistic competition allows skaters to dress in character and skate to music of their own choice.

ACTISA also has a non-competitive skating Gala (usually held in November/December each year) allowing skaters to display their skills with a free choice of program. Talk to your skating coach if you are interested in entering a competition.

Announcements regarding ACTISA events are posted on the noticeboard (under the clock at the rink), and on our website.
